sentinels of the multiverse vengeance villains. sentinels of the multiverse vengeance. sentinels of the multiverse vengeance rules. sentinels of the multiverse vengeance expansion. sentinels of the multiverse vengeance contents. sentinels of the multiverse vengeance expansion. sentinels of the multiverse vengeance contents. sentinels of the multiverse vengeance review. sentinels of the multiverse vengeance villains. sentinels of the multiverse vengeance rules. sentinels of the multiverse vengeance expansion. sentinels of the multiverse vengeance villains. sentinels of the multiverse vengeance rules. sentinels of the multiverse vengeance review. sentinels of the multiverse vengeance contents. sentinels of the multiverse vengeance. sentinels of the multiverse vengeance. sentinels of the multiverse vengeance review

Worth it just for the 5 heroes, all of which are some of the best in the game. The two new environments are great, and the new game mode is really awesome to have digitally. I highly reccomend this to any fan of sentinels.. Worth it just for the 5 heroes, all of which are some of the best in the game. The two new environments are great, and the new game mode is really awesome to have digitally. I highly reccomend this to any fan of sentinels.. I must say this is the BEST DLC yet for this game..
